

OLD WORLD EXTENDS TUMULTUOUS WELCOME TO PRESIDENT WILSON ON ARRIVAL IN FRANCE

Majestic Ship Reaches Brest at 1 O'clock Friday Afternoon and, Within an Hour President Wilson Stepped Ashore the First Time in History an American President Has Trod European Soil

ESCORT PRESIDENT'S FLEET TO HARBOR THRU CALM SEA UNDER BRIGHT SKY

American Flags Waved While Throngs Sang and Bands Played Star Spangled Banner. Presidential Party Returns Greeting of Populace

BREST, FRANCE, DECEMBER 13.—(Associated Press)—President Wilson reached the harbor of Brest on board the steamer George Washington at one o'clock this afternoon and within an hour stepped on shore, the first time an American president had trod European soil.

He came ashore with Mrs. Wilson, who carried an American flag and a bouquet. There was a thundering cannonade as the President's launch left the ship and landed at pier No. 3. He was escorted to the Tribune amid cheers and salvos and the notes of the "Star Spangled Banner."

IMPOSING NAVAL SPECTACLE

The arrival was the culmination of an imposing naval spectacle which began as the Presidential fleet rounded the outer capes and then passed the entrance and moved majestically into the harbor where the George Washington anchored at the head of a long double column of American dreadnaughts and destroyers and the units of a French cruiser squadron.

The Presidential fleet was first cited at 11:30 o'clock this morning 25 miles off shore. The sea was calm and the stately fleet moved landward under skies which were steadily brightening after a dark and gloomy morning. It was more than an hour later that the ships were signaled at the entrance of the harbor and a great cheer arose from the waiting crowd as the clouds of black smoke showed that the Presidential fleet was near.

Ahead came a single destroyer showing the way to the fleet and close behind loomed the huge bulk of the battleships Pennsylvania and Wyoming flying respectively the flags of Admiral Mayo, commander of the Atlantic Fleet, and Vice-Admiral Sims, commander of the American naval forces in European waters.

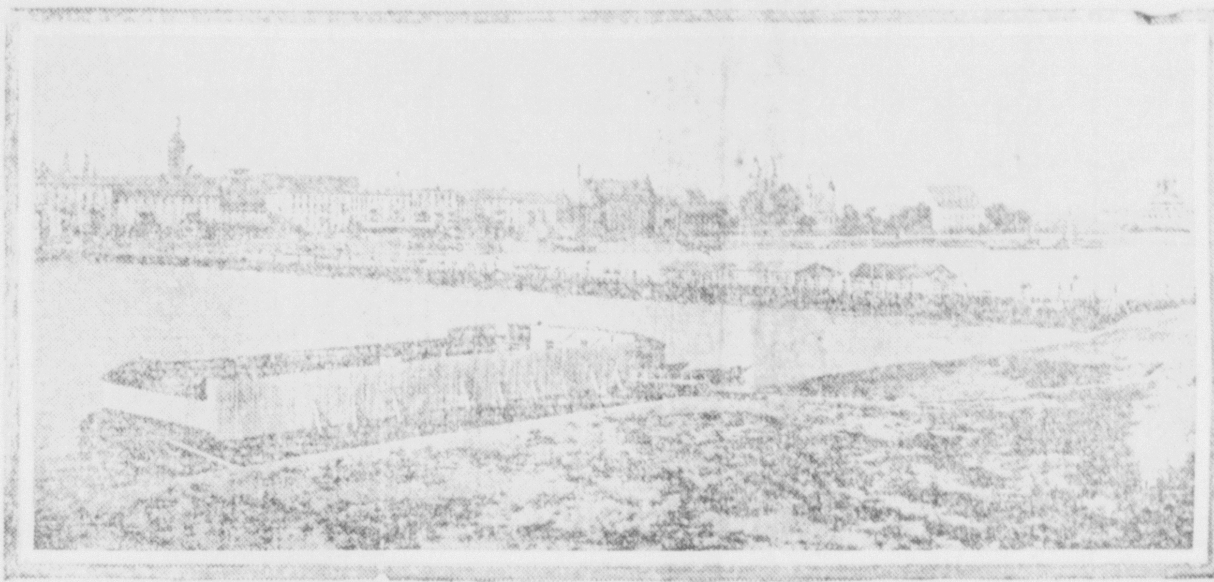

Just back of them moved the George Washington bearing the President, flanked on either side by American battleships, French cruisers and a great flotilla of American and French torpedo boat destroyers.

As the fleet neared the inner harbor the land batteries and assembled warcraft took up the thunderous salute, while the quays, the hills and the terraces of the old Breton city rang with cheers from the enthusiastic multitude.

The George Washington came to anchor a mile off shore, while the battleships ranged themselves in double column on either side.

President Wilson witnessed the spectacle from the deck of his steamer, waving greetings and acknowledgment as the cheering throng ashore vied with the artillery in the Old World's first tribute to the American president.

U. S. TROOPS IN COBLENZ AFTER APPEAL FROM CITY

CITY OF COBLENZ

American troops have entered Coblenz, on the Rhine, according to a dispatch received here. A small detachment at the request of the German authorities went ahead of the main body of the Third Army for immediate occupation of the important Rhine city. German military and civil authorities feared rioting would follow the departure of the German forces from the city, and therefore sent a written request that the Americans enter the city immediately.

TO AID HUSBAND

MRS. DAVID LLOYD GEORGE

Effective campaigning in aid of her distinguished husband's return to Parliament is being accomplished by Mrs. David Lloyd George, who is making a tour of Wales in an automobile and addressing meetings, according to a report from London. Peru indicated a wish that the good offices of the United States might be employed to bring about a settlement while the Chilean government contented itself with expressing appreciation of the spirit of the offer.

President Requested Hearst to Modify Film Play Patria

(By Associated Press)

Washington, December 13. —The German government, on July 10, 1914, informed about 130 German civilian employees at a conference in Berlin that a world war would be started soon, Captain G. B. Lester, of the Army Intelligence Service, testified today before the Senate committee investigating German and brewers' propaganda.

These employees then were dispatched to all parts of the world, 31 coming to the United States to stimulate Pan-German propaganda, Captain Lester declared. He said his information came from an unnamed informant now interned in this country.

The German propagandaists landed in the United States in August, 1914, on the same boat with Dr. H. F. Albert, known as the paymaster of the enemy propaganda system in this country and immediately formed the nucleus of the German propaganda.

The army officer explained that he did not feel justified in giving the name of his informant on the ground that this man might wish to return to Germany after being released from internment.

Testimony that Edward Lyell Fox, a writer, was sent to Germany in 1915 by the German Embassy to write German propaganda which was distributed by the Hearst International News Service, was presented by Captain Lester.

In response to questions Captain Lester said there is nothing in the army intelligence record showing whe-

ther either Mr. Hearst or the managers of the International News Service knew that Fox was in the pay of the German government.

FRIENDLY PAPER

The witness read a telegram sent from the German embassy in Washington to the German foreign office, September 9, 1914, saying: "Chicago Tribune friendly paper."

Captain Lester said that Fox confessed to him that while in Germany he had an understanding that he would write anything he was told to write by the German publicity bureau at Berlin.

ATROCITIES

The witness said he obtained from Fox an admission that an article appearing in the New York American on September 18, 1915, dealing with alleged atrocities by Russian Cossacks was written by him under instructions from German officers as a means of offsetting the stories of German atrocities in Belgium that had begun to come out about that time.

"I obtained from Fox his original notes written in lead pencil on the Cossack story," Captain Lester said. "And he admitted he never saw any of the atrocities referred to and that to his knowledge none of them ever committed."

ART MODIFICATION

Captain Lester said that as a result of a request by President Wilson at a personal interview with Wm. Randolph Hearst, changes were made in the film play "Patria," produced serially in the United States early in 1917 picturing Japan and Mexico in an alliance against the United States. The witness cited this film as one bearing ear marks of German propaganda.

2000 AMERICANS SUFFER OF SHOCK

(By Associated Press)

Washington, December 13. — More than 2,000 American soldiers in France suffering from "shell shock" were cured by news of the signing of the armistice, Surgeon General Ireland today told the Senate Military Committee.

Of 2500 "shell shocked" patients the General said, all except about 300 were well almost immediately.

REV. G. L. GROVE IS RETURNED FOR THE FOURTH YEAR

Popular Pastor of The Church of Christ Is Returned at Increased Salary—Year Best in History of Church.

On the day of rain nearly two hundred members of the local Church of Christ were present at the Annual meeting, Thursday night.

In the face of unprecedented cold and heat, the epidemic of influenza, and war conditions, the reports made of the various departments indicated that the year just closing has been one of the best in the history of the Church.

Besides the regular amounts raised for local expenses and missions fund for war emergency work.

Over a score of officers were chosen for the ensuing year. The pastor, G. L. Grove, was unanimously chosen for his fourth year and as a mark of appreciation of his services in the past the congregation voted to increase his salary \$200.00 per year.

REV. G. E. GROVES

The committee on program and arrangements was composed of Mrs. G. L. Spray, Mrs. George Osborne and Mrs. Robert Wilson. They were ably assisted by other ladies of the church. The young ladies of the "Loyal Daughters," attired in white, aided in serving refreshments.

To add to the pleasure of the meeting, two soldier boys, Julius Kier and Henry Sailer, who have received their honorable discharges, were present. These are the first of two scores of young men, who have been members of organization of the church to return to private life.

It was an evening spent in delightful fellowship, recounting the splendid achievements of the past year and looking to the future with the confidence that the "best days" are yet to come.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

IN WRONG COUNTY LICENSE REFUSED

Tuesday afternoon a fine looking young soldier boy and a comely young woman walked into the Probate Court and were met by Judge Brown who inquired if there was anything that he could do for them; the soldier replied that they were in search of a marriage license; the Judge not being familiar with the face of the bride-to-be, asked her where she resided; the reply knocked the props from under the fondest hopes of the twain—"Washington Court House, Pickaway County, Ohio."

The couple departed wiser than they were when they hit that particular Probate Court.—Circleville Darst Herald.

Sergeant-Major Turnipseed has been in the service of his country for not quite 14 months, enlisting a year ago on the 15th of October last, and receiving his training at San Antonio, Texas.

Increased Facilities

The suggestion by Director General McAdoo that it is not good policy to turn back the railroads to private control too suddenly causes us to realize that our transportation facilities are certain to undergo marked changes within the next few years.

The building of permanent roads, the perfection of the great trucks is certain to relieve the strain on the railroads. Millions of tons of freight and hundreds of thousands of human beings will be transported by truck and passenger carrying transports.

Rich and energetic America is now going to turn to road building and across the nation in every direction, not many years hence, will reach great highways which will equal, if not surpass, those great Roman roads in France which have been the wonder of ages.

Thousands of great army trucks and airplanes, government owned, are released by the end of war, and must find their place of use in the peaceful pursuits.

The transportation problem now once more pressing for solution has new elements injected by the war. The day of new methods of apparently inexhaustible capacity is dawning.

New Problems

The American people are anxious that the work of demobilization proceed as rapidly as possible, they are anxious for a surrender of the extraordinary powers, necessarily assumed by the government in time of war, to be surrendered.

In view of the fact that such splendid progress has been made in the work of demobilizing the army and navy forces the greatest interest centers now, naturally, upon the governmental organizations.

The great majority of Americans have no fear that the surrender of these extraordinary powers will occur in time and manner wholly satisfactory.

Secretary McAdoo's recommendation that the railroads, taken under government control as a war measure, be retained for a period of five years, or until such time as the return to private ownership and control can be accomplished with no business disturbances or the practicability of government ownership established and arranged for, is the first official suggestion, of importance, that the nation may finally settle down to different conditions from those obtaining before the war brought such revolutionary changes.

We may find that our after the war "normal" will differ materially from our pre-war "normal." The nation has developed wonderfully in the crisis, conditions can never again be the same, the world has changed and we will find that there is need for a little more strength in the national government than formerly.

The American people will work out those problems satisfactorily and in a way which will bring the necessary increase to the national government without seriously abridging the liberties of the individuals.

Democracy accomplished the necessary change from peace to war and it will make the change from war to peace. The problems will be new and difficult to solve, but nevertheless they will be met squarely and solved correctly.

What's The Idea?

Senator Hiram Johnson, of California, introduced, in the Senate on Thursday a resolution intended as a cross examination of the government officials, especially the war department. The announced purpose of the resolution is to procure information as to the status of the relations existing between the United States and the Soviet government (so called) in Russia.

The resolution is rather a collection of queries, prominent among which it one asking whether war has been declared by the government of the United States on the present regime in Russia.

Many Americans fear, however, knowing Senator Johnson's political associates, that the resolution is designed more to bring criticism upon the war department than to obtain information.

We must presume that Senator Johnson knows as well as anyone else that the United States cannot, in effect, recognize the pro-German anarchistic reign of terror in Russia by a formal declaration of war against a menacing cloud. We have no diplomatic relations with the Soviet regime to sever. Russia is a maelstrom of disorder and riot and this nation, with others, is seeking to restore order and bring about the establishment of a Russian government with which we can either agree or disagree.

At present the United States and associated nations are simply engaged in quelling a mob which menaces humanity.

POEM FOR TODAY

THE SUNSHINE LAND.

The best old land is the sunshine land that lies around our feet. The sunshine land of the azure skies and the winds of morning sweet. The best old land is the sunshine land where the heart is young and bright. And the children romp and play and sing and the world is always right.

The best old land is the sunshine land that leads o'er the hills of gloom. To the vales that lie on the other hand and are just knee-deep in bloom.

The best old land is the sunshine land of hope and song and dreams. Where the childhood of the world goes by in regiments of gleams.

The best old land is the sunshine land—and there's where I want to go.

When the heart turns gray and the hair is white and my head is bending low.

That dear old land where the sunshine creeps to the old heart with its cheer.

And the rose blooms on in the dells and dawns and there is no sign or tear.

—Baltimore Sun.

News of Interest to Women

More than 3,000 delegates assembled in Columbus this week for the twenty-ninth session of the Grand Chapter of Ohio, Order of the Eastern Star. Headquarters are at the Deshler Hotel.

One of the features of the program was the signing by Mrs. Florence Neek, of Dayton, deputy grand matron, nineteenth district, of the song, "Serving." This was written by Mrs. Rose Waltz Norris, worthy grand matron, Deshler, whose husband, Capt.

O. L. Norris, is with the army of occupation in Germany.

Fifty-four hundred pairs of socks have been on display at the Memorial Hall, knitted by various chapters, to be presented to the Red Cross.

Bright and cheery with gay cretonnes, and pretty shaded lamps the interior of the Red Cross house at Camp Sherman offered a pleasant contrast to the dreary out of doors. Tuesday afternoon and afforded a delightful setting for the party given by the Century Club to the convalescing soldiers from overseas. The very atmosphere of the spacious room was in harmony with the spirit of the occasion, that of bringing a note of happiness and recreation into the lives of the men who are recovering from the wounds sustained on the battlefields of France.

The members of the Century Club, wearing their most becoming gowns, and radiating generous hospitality, moved about among the men, most of whom were clad in convalescent robes and wearing bandages that told of various deeds performed for their country.

Grim yet fascinating tales of trench and battle field, interspersed with humorous incidents, formed the topics of conversation.—Chillicothe Society Gazette.

The regular meeting of the Sugar Grove W. C. T. U. held at the home of Mrs. Frank Haines, was in charge of Mrs. Elva Post. Five dollars was appropriated for the fund of the poor children of Europe.

It was the day for the annual election, but after the election of the President, Mrs. Emma Hoppess, the lateness of the hour postponed the further election and also the reports of the delegates attending the District Convention in London.

Mrs. Frank G. Carpenter gave a fine report of the Patriotic work of last year and the various department chairmen gave good reports.

The Christmas donation of the Corps included five dollars for two Sailors and Orphans' Home, thirteen knee comfort, four cushions for the Soldier's at Fandusky and a box of jellies to the women at the Madison Home.

MORE SHOPPERS COME EACH DAY

Day by day the crowds of Christmas shoppers are increasing in size and the number of purchases also is mounting upward as the shopping days diminish.

Christmas shoppers are finding not the least difficulty in locating just the articles wanted for gift things, and are buying heavily.

One dealer declares that the present Christmas sales will be the greatest his store has ever had, and almost similar remarks are coming from other leading dealers.

From now until the hour of closing on Christmas eve, the stores will be busy early and late, and next week is expected to be one of the largest ever experienced in local business circles.

PUBLIC LIBRARY GIVES PATRONS RARE OPPORTUNITY

The Public Library Board held the December meeting Thursday night, and found in the reports presented for the last time before the new year conclusive proof that every thing was in excellent condition under the management of the extremely capable librarian, Miss Elizabeth Johnson, and her competent assistant, Miss Daisy Cockerill.

The President, Mr. Earl Barnett, 32, pointed out the new book committee Miss Florence Ustick, Judge Joseph Hidy and Mr. Ed Fite.

As rapidly as they can be secured from the publishers the leading new books of the year will be placed upon the shelves and whatever books of reference needed installed. The past year has made the securing of both desirable fiction and non-fiction exceedingly difficult, but conditions are opening differently this year and the Library hopes to offer to its patrons the best the book market affords.

The Board decided to re-open the Library for reading purposes, on Sunday afternoons from two to six o'clock, beginning the first Sunday in January. The reading room is very inviting, bright and cheery in daytime and well lighted with electricity at night. The leading magazines are there and comfortable seats, offering all the advantage of the quiet reading room, with easy access to the best periodicals. Opening the Library both Sunday and until nine o'clock in the evening gives patrons an opportunity for liberal reading.

The following will be found at the Library:

American Boy; American City (Town and County); American Magazine; American Magazine (Daughters of the American Revolution); Gift; Atlantic; Bookman; Century; Christian Science Sentinel (Gift); Cincinnati Enquirer; Colliers; Country Life; Delineator; Everybody's Magazine; Harper's Monthly; House Beautiful; Independent; Illustrated World; International Studio; Ladies Home Journal; Literary Digest; Missionary Review; North American Review; Outlook; Ohio State Journal; Saint Nicholas; Saturday Evening Post; Scientific American and Supplement; Scribners; Survey; Stars and Stripes; Newspaper of American Ex. Forces; Theatre; Travel; Youth's Companion; Vogue; Woman's Home Companion; World's Work.

MEMOIR

Floyd E. Crone, the son of Charles and Lillian Crone, was born in Fayette county, Ohio, December 20, 1898, and died December 8, 1918, at the Fayette County Hospital, Washington C. H. and was 19 years 11 months and 18 days old.
He was one of a family of eight

children. One brother, Raymond, having preceded him in death 9 years ago, at the age of 13 years.

Therefore, father, mother, three brothers, Harry, John and Martin, and three sisters, Alma, Edna and Dorothy, survive him.

Floyd united with the church during the Bromley evangelistic meeting at Washington C. H. and became a preparatory member of Grace Church.

He received his education in the country school and will always be remembered as an unassuming, manly boy. He was always a favorite with his friends and playmates.

As he grew to manhood he so endeared himself to others, that each was wont to call him their special friend.

He had therefore carefully guided his foot steps in honesty and manliness, and row just as his hopes were to be realized, he was claimed by another, leaving only the happy memory of the past and the well grounded hope of the future.

For eight weeks Floyd has suffered from influenza and a complication of diseases. He bore all his suffering with great patience and cheerful ness.

Thus in the rosy morning of life, in the strength of his young manhood, while filled with joyous hope and high ambition, and in the midst of his usefulness, he is cut down and gathered to his Fathers.

The grim messenger listened to no parley; would take no denial. The woe, the bruised hearts, and crushed hopes of father, mother, brothers, sisters, the grief of the friends, could not appease him; but amid them all, the silver cord was severed, the golden bowl was broken, the pitcher was broken at the fountain, and the dust returned unto God who gave it.

CARD OF THANKS

We desire to express our sincere and heartfelt thanks to the many relatives, friends and kind neighbors for Arthur P. Cherrington's kind words and undertaker A. R. McCoy's kind service. Also for the beautiful floral decorations, in the loss of our beloved son and brother.

TURKEY DINNER IS ENJOYED BY WAR COMMITTEE

Chairman M. S. Daugherty Entertains The Directing Committee of War Work Council To Feast and Smoker.

Members of the Fayette County War Work Council directing committee and a few close friends were the guests of Chairman M. S. Daugherty at the Cherry Hotel, Thursday evening, for an elaborate turkey dinner and smoker which proved one of the most thoroughly delightful social events of like nature ever held in the city.
The tables were set in the form of a square so that each guest faced virtually all others and covers were laid for a score. A snowy table within the square formed by the main tables bore huge baskets of chrysanthemums and fern, with smilax and fern strewn about the table and red, white and blue ribbons, looped about the masses of flowers, and carried to the main tables which it encircled. The national colors were lavishly displayed about the room, and huge baskets of fern added to the attractiveness of the dining room. The perfect catering was done under the direction of Proprietor of the Cherry Cafeteria, J. H. Culhan.

The only out of town guest was Hon. H. M. Daugherty, of Columbus, brother of the host.

The place cards and beautifully embossed cards of greeting bore in signa appropos to the occasion. Pink carnations formed additional favors.

The feast was all that even the most critical epicurean could desire, and was marked by amid jokes and puns which added to the general spirit of goodfellowship and cheer.

At the conclusion of the banquet, the host addressed his guests telling them of the great pleasure it gave him to have them with him upon such an occasion, and recalling the stern work in which the directing committee had been engaged for nearly one year; and praised them for their loyalty and unselfish devotion to duty; their self-denial and untiring efforts, assuring them that it was a genuine pleasure to be associated with such men, and that the year, regardless of its hardships and ceaseless work, had been a most pleasant one and one which he would ever recall with pleasure.

Hon. J. D. Post on behalf of the workers under Chairman Daugherty, assured the host that the committee had found it a great pleasure and a constant inspiration to work under such leadership, and that the committee had always been proud of the leader, not questioning his edict when issued, but doing what they were told to do and not questioning why. Mr. Post then discussed numerous interesting phases of the great war and of the 14 principles of peace lauding President Wilson for his great work and his determination to see the war through by going to the peace conference and there unfolding his plans and working for their adoption to secure peace to this world forever more.

Hon. H. M. Daugherty was the next speaker, and expressed his pleasure and gratitude in being able to share with old friends the pleasure of such a memorable event, congratulating the entire committee on their remarkable achievement in the war work, and declaring that he knew that the entire citizenship must be justly proud of such an organization as that which had placed Fayette county in the very forefront in war activities. Taking up the thoughts given by Mr. Post, Mr. Daugherty declared that he was perfectly con-

tent to abide by what President Wilson does abroad in his peace conference efforts. "We are not of the same politics, but—he is my president," he declared. His discussion of the war and war work was most interesting, and he was frequently interrupted by applause.

In concluding his remarks Mr. Daugherty stated that he wanted to take the opportunity of stating to his brother personally, that he was proud of him for his big part in war work activities, and that he never stood higher in his esteem than at the present time.

The host assured the speaker that the pride was reciprocated, and it gave him great pleasure to express it in the presence of his friends.

Other speakers who contributed to the pleasure of the evening were Jesse W. Smith, Frank C. Parrett, C. P. Ballard, Ed Pite, Geo. Hitchcock, Forest Tipton and H. W. Duff.

In conclusion toast were drunk to mother, then to the host and his brother, who in turn toasted the other guests. Then all toasted the flag and President Wilson.

THIEVES ASLEEP
TAKEN IN TOW

Lloyd Grable and Albert Wilkins, about 16 years of age and residing in Pickaway co., were picked up by the authorities a night or two ago and 15 chickens which they had stolen were found in their possession.

The pair of thieves had stolen the chickens and then snuggling up in a buggy went to sleep, with the result that they were found asleep and placed under arrest. They admitted their offense, and claimed they were waiting for a storm to pass over and fell asleep in the buggy of the man from whom they had stolen the chickens.

PNEUMONIA KILLS
WILMINGTON GIRL

“Miss Louise Williams daughter of Mrs. Katherine Denver Williams and a niece of Hon. M. R. Denver, died Monday morning, shortly after 4 o'clock, of bronchial pneumonia, following a little more than a week's illness with influenza.

Bronchial pneumonia developed and later the dreaded “double pneumonia.” A specialist from Cincinnati was summoned, and nothing was left undone, but the young lady was of a type of physique that makes pneumonia very nuch to be dreaded and she succumbed after several hours of intense suffering.

The family is one of the most prominent and influential in the county, and the death of the young girl is occasioning great sorrow to the people.

Funeral services were held at the Williams home, Wednesday, at 2 o'clock.—Wilmington News.

Miss William had many friends in this city, and has frequently visited at the home of Mr. H. B. Dahl.

The FREE Sewing Machine

---An Ideal Gift.

There are so many advantages to the Free sewing machine that it makes a most delightful gift for the home seamstress or for the bride who will soon take up her own sewing.

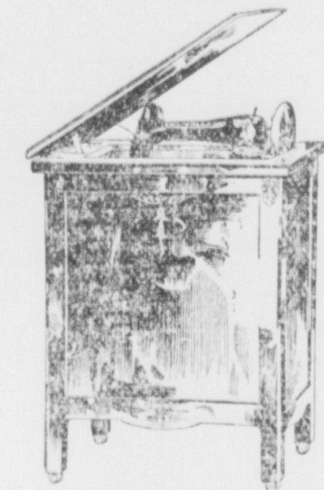

The FREE will lighten her labors—because it runs easier.

The FREE will shorten her hours—because it sews faster.

The FREE will save her nerves—because it makes less noise.

The FREE will delight her with its attractiveness—the new cabinet model, as pictured here makes a handsome piece of furniture for any room in the home.

This is not a Talking Machine—it is the wonderful FREE Sewing Machine—far more useful.

Your mother, too, possibly has a terrible old fashioned, hard running, nerve racking, back breaking sewing machine, and so awfully unsightly, too, compared to other furniture in the home. Why not take advantage of this generous offer?

We will willingly deliver the new machine on Christmas Eve. Many mothers and brides will get a much deserved and useful gift this Christmas. In some cases members of families—even the children—have “clubbed together” to give their mother something really and truly highly appreciated for many, many Christmases.

Special advertising price positively closes Saturday, December 14th, 1918. No use to be saving, the manufacturers have set the date—Saturday, Dec. 14th, 1918—LAST CHANCE. Mr. H. C. Smith, a sewing machine specialist from the Free plant, Rockford, Ill., will teach you how to do the beautiful work.

The Free Sewing Machine is guaranteed for your life. Needles gratis for five years.

Insured against fire, flood, lightning, tornado and breakage in transportation.

The “Free” has that wonderful Rotoscillo movement. Be sure to see this at demonstration. Gentlemen invited too.

COMPLIMENTING
YOUNG SOLDIER

Miss Anna Skinner, of Gregg street, has received a letter from First Lt. Inf. Ray A. Stanton, Camp Beauregard, La., notifying her of the honorable discharge given to “her soldier” a cousin, Morris Cutler, who makes his home with her.

The letter pays high compliment to the young soldier. Lt. Stanton says in part: “As his Commanding officer I am proud of him. He is bringing back many high qualities of body and mind, which he has acquired or developed in the military service. The Army has done everything it could to make him strong, fine, self-reliant, yet self-controlled. It returns him to you a better man.

You have been an important member of that great Army of Encouragement and enthusiasm which helped to make him and us better soldiers. You can now be a great help in keeping alive the good qualities he is bringing back from the Army; in making him as good a citizen as he has been a soldier.

His far and necessary expenses to his home will be paid by the Government. He will receive all pay due him. He may wear his uniform for three months from date of his discharge.

The Government will also follow him to keep up, for benefit of his family, his insurance at the very low rate he is now paying.

Greetings From Toy City

Come on up Kiddies, and enjoy the fun and frolic of Toy City, where the electric trains are whizzing around their tracks with their headlights glaring, an electric armored train rushed around as if there was a battle it was in a hurry to get to. A monkey is turning somersaults continually; clowns performing on bars; enough guns and revolvers to outfit Pershing's army; a machine gun just waiting for some boy to organize a machine gun company. Erector Sets, Chemistry Outfits, Electric Sets and Motors, Tinker Toys, Blocks and Games; a big Roller Coaster, Planos, Horns, Autos, Sleds, Wagons, Kiddo Trucks, Kiddo Kars, and my! such a village of dolls, baby dolls that go to sleep, dolls that say ma-ma, cowboys, Indians, the Uneddo Kid, Teddy Bears; they are all there. Santa certainly has dumped his pack here. Come now before all are laid away!
